

JIBC Fire & Safety Division (FSD) Updates

Extended Hours of FSD Support for Students & Faculty

For the fall semester, FSD staff at the Maple Ridge campus will be available for extended hours for on-campus faculty and student support. Staff will be available online from 8 a.m. to 6:30 p.m. on Tuesdays to support training officers in our Vocational Firefighter programs (vocationalFFTC@jibc.ca).

Staff will also be available from 8 a.m. to 6:30 p.m. on Tuesdays and Thursdays for students in online courses in our Fire Officer Certificate (FSDfireofficer@jibc.ca), Fire Prevention Officer Certificate (FSDFirePrevention@jibc.ca) and Fire & Safety Studies Diploma programs.

Free LNG Awareness course available

Earlier this year, JIBC announced a partnership with the Canadian Gas Association to provide additional training resources for JIBC firefighting students looking for natural gas safety awareness training. The Fire & Safety Division is pleased to announce that the Introduction to CNG and LNG online course (FIRE-1175D) is now available. With this course, first responders will learn about compressed natural gas and liquified natural gas hazards and gain general incident response guidelines. Interested students will be able to register online at no cost.

Special public offering of online NFPA 1001 Firefighter Courses

FSD is excited to announce a special public offering of the first three online firefighter knowledge courses that are part of JIBC's Fire Fighter Technologies Certificate (FFTC) program. As part of this limited-time offering, you do not need to apply for the FFTC program to take these courses. First course starts November 15.

Partnership with Otter Point Training Centre

FSD is pleased to announce a partnership with the Otter Point Training Centre on Vancouver Island to deliver a number of offerings of [FIRE-1071 Live Fire I](#) and [FIRE-1072 Live Fire II](#) over the next six months. Registration for these offerings will be available online on each course webpage.

JIBC firefighter program key to career goal for Vancouver Island grad

Vancouver Island resident Danielle Nellestyn has always set big goals for herself. When she decided to pursue a career in the fire service as her way to make a difference in the community, she decided to complete JIBC's Firefighting Technologies Certificate program on the recommendations of several friends. The program gave her skills and confidence that she applied fighting the B.C. wildfires this past summer.

JIBC is the only firefighter training provider in B.C. dually accredited by the National Board on Fire Service Professional Qualifications (The Pro Board) and the International Fire Service Accreditation Congress (IFSAC).

JIBC also holds the Education Quality Assurance (EQA) designation, recognized for meeting or exceeding quality assurance standards set by the province of B.C.

JIBC programs fully meet the minimum job performance requirements as outlined in National Fire Protection Association (NFPA) standards and the British Columbia Fire Service Minimum Training Standards.

Please [contact the Fire & Safety Division](#) if you have any questions or requests for customized contract training to meet your specific department or industry needs.

[Forward to a Friend](#)

[FIRE & SAFETY STUDIES DIPLOMA](#)

Further your career as a fire service leader by completing a higher-level academic credential part-time. Obtain essential skills to enhance your capabilities to lead, manage and organize in the fire service.
